

# “Problem solving” workshop I

Diana Garlytska

Futurepreneurs for  
Ukraine

Today is Wednesday  
and you are halfway  
through the week... Just  
about the time to make  
a difference.

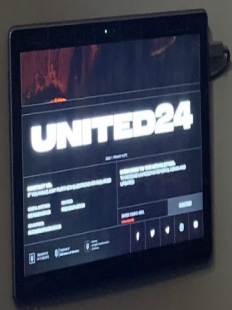

ON THE  
GROUND

UKRAINE

Move the slider to see  
how Russia is destroying  
the fertile soils of Ukraine.

Support Ukraine with donation  
via the official fundraising platform  
of Ukraine UNITED24 initiated  
by President Zelenskyy.

“With a steady barrage of strikes on refineries, chemical plants, energy facilities, industrial depots or pipelines, the country's air, water and soil have been polluted by toxic substances...”

**We can  
change  
the story  
of climate  
change.**

“The nature and ecosystems also suffer.”

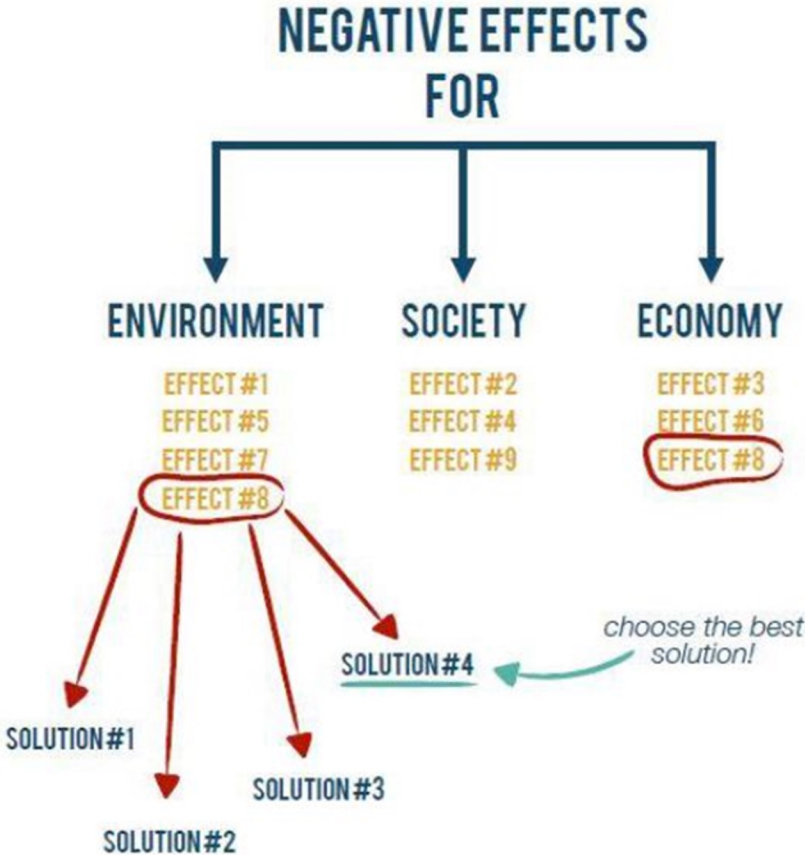

- Forest fires
- Loss of biodiversity
- Affected protected natural areas
